NOTICE OF PROPOSED RULE MAKING

Adopted: May 29, 2002

Released: June 3, 2002

Comment Date: July 25, 2002

Reply Comment Date: August 9, 2002

By the Chief, Video Division:

1. The Commission has before it a joint petition for rule making filed by Alabama Educational Television Commission ("AETC"), licensee of noncommercial station WAIQ(TV), Montgomery, Alabama, and LibCo, Inc. ("LibCo"), licensee of WSFA(TV), Montgomery, Alabama. AETC and LibCo request the substitution of DTV channel *27 for DTV channel *14 as WAIQ-DT's paired DTV allotment and the substitution of DTV channel 14 for DTV channel 57 as WSFA-DT's paired DTV allotment.

2. In support of their proposal, AETC and LibCo contend that their joint petition advances the Commission's directive to licensees to develop partnerships with others to help make the most productive and efficient use of their channels.¹ The joint petitioners state that WAIQ-DT's proposed channel change would permit the station to increase its ERP so as to maximize service and ensure effective replication for viewers throughout the DMA. Additionally, with station WAIQ operating on adjacent NTSC channel *26, the proposed substitution of DTV channel *27 would permit the sharing of certain transmission equipment and facilities, which should facilitate the transfer of digital operations to channel *26 at the close of the DTV transition. AETC and LibCo further state that adoption of their channel substitutions will permit station WSFA-DT to move inside the "core" spectrum of channels 2-51, thereby advancing the Commission's goal of recovering non-core spectrum for auction and other uses. LibCo also submits that it would financially assist AETC in its construction of WAIQ-DT, thereby serving the public interest by enhancing the proposed DTV service of a noncommercial station.

¹ See *Advance Television Systems and Their Impact Upon the Existing Television Broadcast Service*, MM Docket No. 87-268, 12 FCC Rcd 12809 (1997) ("Fifth Report and Order").

3. We believe the joint petitioners' proposal warrants consideration since it enable WSFA-TV to operate on a "core" channel, while also affording WAIQ-DT, a noncommercial educational television licensee, some financial support to assist it in the transition to DTV.² DTV channels 14 and *27 can be substituted for DTV channels 57 and *14 for stations WSFA-TV and WAIQ-TV at Montgomery, Alabama, respectively, in compliance with the principle community coverage requirements of Section 73.625(a).³ In addition, we find that this channel changes are acceptable under the 2 percent criterion for de minimis impact that is applied in evaluating requests for modification of initial DTV allotments under Section 73.623(c)(2). We propose to substitute the DTV channels at Montgomery, Alabama, with the following specifications:

State & City	DTV Channel	DTV power (kW)	Antenna HAAT (m)
AL Montgomery	*27	750	183
AL Montgomery	14	600	530

4. Accordingly, we seek comments on the proposed amendment of the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules, for the community listed below, to read as follows:

<u>City</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Montgomery, Alabama	*14, 16, 46c, 51, 57	14, 16, *27, 46c, 51

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

6. Interested parties may file comments on or before July 25, 2002, and reply comments on or before August 9, 2002, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, or its counsel or consultant, as follows:

² See *Fifth Report and Order*, *supra* at 12852.

³ The coordinates for DTV channel 14 are 313-58-28 N. and 86-09-44 W. The coordinates for DTV channel *27 are 32-22-55 N. and 86-17-33 W.

7. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the TV Table of Allotments, Section 73.606(b) and 73.622(b) of the Commission's Rules. See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981. The Regulatory Flexibility Act of 1980 would also not apply to rule making proceedings to amend the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules.

However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. 2. Showings Required. Comments are invited on the proposal(s) discussed in the Notice of Proposed Rule Making to which this Appendix is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

3. Cut-off protection. The following procedures will govern the consideration of filings in this proceeding.

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (See Section 1.420(d) of the Commission's Rules).

(b) With respect to petitions for rule making which conflict with the proposals in this Notice, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.
